Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 20 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine, dry, and hot weather set to continue.

This Evening and Tonight:
Any lingering showers soon clear, to give a warm and clear evening. Staying dry and clear for most, with easternmost areas will see some low cloud through the early hours, with hill fog over the Pennines. Warm and muggy overnight. Minimum temperature 14 deg C (57 deg F).

Wednesday:
Low cloud and fog clear through the morning, with plenty of sunshine to follow. Some fair-weather clouds and the odd, isolated showers, possibly thundery, may develop later. Feeling hot again. Maximum temperature 30 deg C (86 deg F).

Outlook for Thursday to Saturday:
Feeling hot Thursday and Friday: plenty of sunshine and mostly dry, however the continued risk of an afternoon shower. Turning cloudier Friday into Saturday, with rain arriving in the evening.
